

Catalogue Stripping Tools

 made
 in
 Germany

We are developing, producing and distributing an extensive range of stripping tools. This includes cable knives, wire strippers, dismantling and multi-functional tools. Our tools have been developed for accurate, fast and safe stripping of all common cable types. They carry the GS seal of TÜV Nord and were developed under the aspects of work safety. The tools are specifically tailored to the needs of professional users, are found in both, crafts and industrial use and are also suitable for domestic use.

Next to the WEICON TOOLS, WEICON produces special chemo-technical products for the industry. The product range of the company includes special adhesives and sealants, technical sprays as well as high performance assembly pastes and greases for all areas of industry- from the production, repair and maintenance to servicing.

The company headquarters are located in Münster, Germany. WEICON has subsidiaries in Dubai, Canada, Turkey, Romania, South Africa, Singapore and in the Czech Republic and is represented by WEICON partners in more than 100 countries all over the world.

From the beginnings to the present day

History

WEICON TOOLS

In 1967 an electrical engineer from Westphalia invented a cable stripper for stripping electrical cables. The inventor was looking for a sales channel for his knives and started a cooperation with Gerd Weidling, Managing Director of the company Weidling & Sohn; the current WEICON GmbH & Co. KG from Münster.

Launch at the Hannover Trade Fair 1967

The two managing directors took some hand samples of the knives to the Hannover Trade Fair to present them to trade visitors. With these individual pieces, both partners immediately managed to acquire orders for more than 3000 cable strippers during the course of the exhibition.

The tool manufacturer took over production and WEICON developed the global sales channels for the cable strippers during the subsequent period.

Impressive growth rates

Turnover grew continuously. Almost 4000 cable strippers were sold in 1967. In the next year, 1968, sales already reached more than 34,000 units. In the year 1969 the first wire stripper, No. 8., was added to the range and was sold more than 51,000 times straightaway. The sales figures grew continually in the following years and in 1987 the turnover reached more than 300,000 knives and 100,000 strippers per year.

The successful cooperation between the two companies lasted 20 years in total. In 1987 the patents for the knives expired and, as a result, replica products from Asia and Italy entered the market.

After expiry of the patents, the former partners went separate ways and WEICON started a cooperation in the tool sector with the company Franz Krampe from Ascheberg-Herbern, which still continues today. This cooperation is distinguished by innovations in the area of tool technology, has resulted in numerous patents and awards for the products and always allows new ideas and further developments to be incorporated in new tools.

WEICON TOOLS are now known throughout the world thanks to the good cooperation between WEICON and the company Krampe.

The range of tools now covers more than 25 different types of cable strippers, wire strippers and special tools, which provide a valuable service to users throughout the world in their daily work.

Cable Stripper
S 4 - 28 Multi

- Precision
- Unlimited Power
- Cable Stripper 1
- Cable Stripper 3 & 28 Multi

WEICON Cable Stripper No. S 4-28 Multi

The New Generation of cable strippers made of highly resistant synthetic glass fiber material.

Safe in use and solid in design:

- Accurate, fast and safe stripping of all common round cables of 4-28 mm Ø
- Infinitely variable adjustment of the cutting depth with the adjusting wheel. No damage of the inner conductors.
- Automatic adjustment of round end length out through turnable blade.
- Highest quality level (certified by TÜV and CE)
- 3 types with different additional functions are available.

Additional function: Stripping of conductors:

For all common flexible and rigid wire conductors with the following diameters:
0,5 mm², 0,75 mm², 1,5 mm², 2,5 mm², 4,0 mm² and 6,0 mm².

Quality "Made in Germany"

WEICON and Krampe

We have been working on the development and manufacture of our high quality stripping tools together with the company Krampe from Ascheberg-Herbern near Münster since 1990.

The Westphalian family business, managed by the second generation of the Krampe family, greatly values continuity, reliability and the highest quality.

The products are fully manufactured on-site, going against the trend of globalisation.

Everything from a single source

From the idea, initial drafts and drawings, sampling, tests and mould construction through to production, final assembly and quality testing - everything comes from one source.

"This is the only way we can guarantee the consistently high quality of our tools," says company founder Franz Krampe. And he is supported by a team of highly qualified specialists.

"We are very pleased to have had a very reliable and innovative partner in the company Krampe for many years. We are planning to intensify our past cooperation in future to further strengthen and develop our market position," says Ralph Weidling, Managing Director of WEICON GmbH & Co. KG.

In 1990 we started the cooperation with wire stripper No. 5, which today still represents an important component of the constantly expanded product range of our WEICON TOOLS. Developments from the company Krampe are always up-to-

date with the current status of technology and quickly track down trends that provide the decisive ideas for the design of new tools.

Cable Strippers

WEICON TOOLS Cable Strippers were developed for reliable, precise, safe and quick stripping of many different cable types.

The knives meet the maximum quality requirements and are suitable for use both in craft and industry.

Our Cable Strippers are registered under patent EU.Pat.no. 1117163 for the working range of 4 - 28 mm.

Cable Stripper S 4 - 28

KNIFE-STEEL
Quality from Solingen

- *Completely ergonomic & fully insulated*
- *Progressive regulation and easy to operate adjusting wheel*
- *Precise, quick and safe stripping*

The new generation of cable strippers made of high strength, fibreglass reinforced plastic. Safe to use and compact in design.

The Cable Stripper series S 4 - 28 allows precise, quick and safe stripping of all standard round cables with a diameter between 4 and 28 millimetres. The cutting depth of the blade can be progressively adjusted with the help of an adjusting wheel in the housing.

This prevents damage to the conductor inside. The cutting blade is integrated in the housing to rotate automatically and therefore allows an automatic changeover between circular and longitudinal cuts.

Working range
4 - 28 mm Ø

EU.Pat.no. 07114242.6

Our S 4 - 28 range is certainly something special. There are no other comparable tools on the market. The right Cable Stripper can be found for almost any application area due to the different types.

The tool lies perfectly in the hand due to the extraordinary shape. Furthermore, the retractable blade of the S 4 - 28 is a milestone in the area of safety at work.

Gerold Specking
Product Manager WEICON TOOLS

Cable Stripper

No. S 4 - 28

Safe due to retractable hook blade

- The blade can be locked in both positions

mm	g	mm ²	Ømm	Art. No.

* The conformity symbol confirms compliance with the valid directives. The EMC directive (2004/108/EG) with norm EN 61326 is complied with. Norm EN 61010-1 is complied with.

Cable Strippers

- Large handle diameter for optimum grip
- Progressive regulation and easy to operate adjusting screw
- Precise, quick and safe stripping
- Quick change of the inner blade with a bayonet fitting

Precise, quick and safe stripping of all standard round cables with 4 - 50 mm Ø. The Cable Stripper has an ergonomically shaped, anti-slip handle.

The cutting depth of the blade can be progressively adjusted with the help of a adjusting screw on the end of the handle. This prevents damage to the conductor inside. The cutting blade is integrated in the housing to rotate automatically and therefore allows an automatic changeover between circular and longitudinal cuts.

A protective cap is available for the cable stripper with blade, which engages securely onto the blade, thus substantially reducing the risk of injuries.

- 01 Setting screw
- 02 Inner blade
- 03 Bracket with or without blade
- 04 POM part
- 05 Cap (on Cable Stripper with blade)
- 06 Outer casing with anti-slip 2-component handle
- 07 Closure cap

Electrical Installation Set

Set 1

- Duo-Crimp No. 300
- Round Cable Stripper No. 13

- Professional crimping of wire ends
- Two crimping ranges of 0,5 – 2,5 mm² and 4,0 – 6,0 mm²
- Meets the requirements of DIN 46228-21: 1992-02 concerning the withdrawal forces
- Side cutter for single wires of up to 6 mm²
- Stripping of 0,5 – 6,0 mm²
- Dismantling of all common round cables 8 – 13 mm
- Flush dismantling e.g. at junction and distribution boxes

Art.-No.

52881001

Electrical Installation Set

Set 2

- Wire Stripper No. 5
- Cable Stripper No. S 4-28

- Automatic wire stripper for 0,2 – 6,0 mm²
- Side cutter for single wires of up to 2 mm ϕ
- Adjustable length stop for defined distances at e.g. WAGO-Clamps
- Cable stripper with working range of 4 – 28 mm
- Adjustable cutting blade for round and longitudinal cutting
- Ideal for the construction of switchboards

Art.-No.

52881002

Electrical Installation Set

Set 3

- **Wire Stripper No. 5**
- **Coax-Stripper No. 2**

- Automatic wire stripper for 0,2 – 6,0 mm²
- Side cutter for single wires of up to 2 mm ø
- Adjustable length stop for defined distances at e.g. connection terminals
- Two-level stripping of all common coaxial cables
- Ideal for the installation of SAT systems with multi switches
- Length scale integrated in the housing e.g. for F-connectors
- Adjustment of cutting depth not necessary

Art.-No.

52881003

Electrical Installation Set

Set 4

- **Wire Stripper No. 5**
- **Round Cable Stripper No. 13**

- Automatic wire stripper for 0,2 – 6,0 mm²
- Side cutter for single wires of up to 2 mm ø
- Adjustable length stop for e.g. special distances
- Dismantling of all common round cables from 8 – 13 mm
- Flush dismantling e.g. at junction and distribution boxes

Art.-No.

52881004

Tools for Solar Industry

Special tools No. 7 Solar and Mini-Solar No. 3 are suitable for dismantling and stripping of all common cable types in the area of photovoltaic.

**Mini-Solar
No. 3**

- Quick stripping of all common solar cables with outer diameters from 1.5 mm² to 6 mm²
- Precise work with adjustable length stop (6 - 28 mm)
- Integrated, well accessible side cutter up to 4 mm²

mm	g	mm ²	Ømm	Art. No.
125	58	1.5 - 6 (15 - 9 AWG)	-	52002003

Special tools for dismantling and stripping of all common cables in the solar sector

**Wire Stripper
No. 7 Solar**

- Automatic Wire Stripper
- Precise work with optical length scale (up to 26 mm)
- Integrated, well accessible side cutter up to 3 mm Ø

WEICON TOOLS cable overview

The cable types shown in this overview only serve as orientation with respect to the possible application areas of our tools. Of course WEICON TOOLS can also be used on similar cable types in many cases. Furthermore, the application suggestions depend on the material, application area and working range. Our tool recommendation is only a suggestion due to the various materials used by cable manufacturers.

Cable	Name	Suggested application Dismantling	Suggested application Stripping
	PVC - coated conductor	All Cable Strippers, No. 13, No. 100, No. 200, No. 400, No. 7 Magic	S 4 - 28 Multi, No. 5, No. 7 Magic, No. 7-F, No. 100, No. 400, No. 200
	PVC - sheathed cable for low mechanical loads	All Cable Strippers (working range from 4 mm), No. 3, No. 200, No. 7 Magic	No. 5, No. 7 Magic, No. 7-F, No. 100, No. 400, No. 200, No. 3, No. 2, S 4 - 28 Multi
	Rubber tube conductor for light mechanical loads	All Cable Strippers, No. 13, No. 100, No. 400, No. 200, No. 7 Magic	S 4 - 28 Multi, No. 5, No. 7 Magic, No. 7-F, No. 100, No. 400, No. 200
	Rubber - control line	All Cable Strippers, No. 13, No. 100, No. 400, No. 200, No. 7 Magic	S 4 - 28 Multi, No. 5, No. 7 Magic, No. 7-F, No. 100, No. 400, No. 200
	PVC - construction cables	All Cable Strippers, No. 13, No. 100, No. 400, No. 200, No. 7 Magic	S 4 - 28 Multi, No. 5, No. 7 Magic, No. 7-F, No. 100, No. 400, No. 200
	PVC - control line oil resistant	All Cable Strippers, No. 13, No. 100, No. 400, No. 200, No. 7 Magic	S 4 - 28 Multi, No. 5, No. 7 Magic, No. 7-F, No. 100, No. 400, No. 200
	PVC - motor connection cables	All Cable Strippers, No. 13, No. 100, No. 400, No. 200, No. 7 Magic	S 4 - 28 Multi, No. 5, No. 7 Magic, No. 7-F, No. 100, No. 400, No. 200
	PVC - sheathed cable for medium mechanical loads	All Cable Strippers, No. 13, No. 100, No. 400, No. 200, No. 7 Magic	S 4 - 28 Multi, No. 5, No. 7 Magic, No. 7-F, No. 100, No. 400, No. 200
	PVC insulated high voltage cables, single and multi-core cables	No. 25, No. 1000	---
	PVC insulated cables with aluminium conductor	No. 25, No. 1000	---
	PVC insulated telecommunications sheathed wires 0.6 mm	No. 7 Magic	No. 5, No. 7 Magic, No. 7-F
	PVC insulated telecommunications sheathed wires 0.8 mm	No. 7 Magic	No. 5, No. 7 Magic, No. 7-F
	PVC - single wire core conductor	---	S 4 - 28 Multi, No. 5, No. 7 Magic, No. 7-F, No. 100, No. 400, No. 200
	PVC - multiple wire core conductor	---	S 4 - 28 Multi, No. 5, No. 7 Magic, No. 7-F, No. 100
	PVC - fine wire core conductor	---	S 4 - 28 Multi, No. 5, No. 7 Magic, No. 7-F, No. 300, No. 400, No. 200, No. 100
	PVC - wiring conductor fine wire	---	S 4 - 28 Multi, No. 5, No. 7 Magic, No. 7-F, No. 300, No. 400, No. 200, No. 100

Cable	Name	Suggested application Dismantling	Suggested application Stripping
	PVC ignition cable e.g. in the vehicle industry	---	No. 2, No. 3
	Coaxial cables for the transmission of high frequency signals and conductors	No. 2, No. 3, No. 7 Magic, No. 100	No. 2, No. 3, No. 7 Magic, No. 100
	Coaxial cables (SAT compatible)	No. 2, No. 3, No. 7 Magic, No. 100	No. 2, No. 3, No. 7 Magic, No. 100
	Special PVC loud speaker cable	---	No. 7 Magic, No. 7-F
	PVC twin conductor	---	No. 7 Magic, No. 7-F
	PVC Flat Twin and Earth Cable	No. 7-F	No. 7-F
	Flat rubber cables for medium mechanical loads	No. 7-F	No. 7-F
	Solar cables	Mini-Solar No. 3, No. 7 Solar	Mini-Solar No. 3, No. 7 Solar
	Installation cables for fire alarm systems	No. 30	No. 30
	Installation cables for telecommunications systems	No. 30	No. 30
	Electronic - control lines	No. 30	No. 30
	Installation cables for industry electronics	No. 30	No. 30
	BUS cable	No. 30	No. 30
	Patch cable with film shield for local networks	No. 30	No. 30
	Data cable (Cat 7)	No. 30	No. 30
	Rubber core conductor with higher heat resistance	---	No. 2, No. 3
	Silicone core conductor	---	No. 2, No. 3

WEICON TOOLS® certificates

Further certificates on request!

Private Label

WEICON TOOLS®

No. 1 in Form & Funktion

Private Label Tools

We also provide the opportunity to design the tools in a variety of colour combinations and individually with your company print/logo.

We would be pleased to submit a detailed offer.
